

# Supplemental Rental and Rules Agreement

WALLY the Wanderer (3C6URVJG4KE552876)

Owner: Brad Watson (*Vehicle is legally consigned to The Traveling Curators*)

Manager: THE TRAVELING CURATORS - Andrea Ames

Rental Period: \_\_\_\_\_ at \_\_\_\_\_ : \_\_\_\_\_ am/pm, until \_\_\_\_\_ at \_\_\_\_\_ : \_\_\_\_\_ am/pm.

This supplemental rental and rules agreement will outline in considerable detail what is expected during your rental period. It may seem like a lot of information but we prefer to be up front and clear so there is no confusion or unrealistic expectations that may cause misunderstandings later. This agreement is a mandatory prerequisite to being allowed to use the RV during your rental period.

Before the start of your trip, it is required to complete a pre-rental orientation of the RV. This orientation will take about 1-2 hours, depending on any prior experience you have with a RV. It takes time to do a thorough and complete walkthrough, so please plan accordingly.

1. **No Refunds for Early Returns:** If you return the RV early, we do not refund the unused days/time. This includes if you have been in a motor vehicle accident with the RV; however, if the MVA is not your fault you may be able to recover your rental costs from the at-fault driver's liability insurance.
2. **Fee for Late Returns:** A fee of \$50 per hour will be charged if the RV is returned later than the agreed upon time. If the RV is returned after dark or while owner is not home/unavailable, it will be checked in the next day, during daylight hours, and any applicable damages will be charged against your security deposit. Renter forfeits their right to complete a return walkthrough with owner, if the unit is returned at a time different than indicated on P1. All drivers must be at least 25 years old and must be listed on the platform's rental contract when you pick up the RV. NO EXCEPTIONS.

**Example:** 1-60 minutes late return \$50

61-120 minutes late return will \$100

3. **Travel Restrictions:** No travel is allowed on any non-paved roadways like logging roads, forest service roads, beaches, etc. Driving on a non-paved road inside a licensed RV park or designated campground is acceptable. No border crossings are permitted to Mexico or Canada. Driving on unapproved roads will result in the forfeiture of your entire deposit.
4. **Toll Roads, Red Light Cameras, Parking Tickets:** You are responsible to disclose any tolls, red light tickets or parking tickets to owners at the time you return the RV. Toll invoices are a major burden. If we receive any tolls, tickets or fees related to your rental, a \$70 administration fee plus the cost of the bill for EACH invoice will be charged to you. Responsibility for any traffic or parking violations will be transferred to you and you will be charged a \$70 administration fee. If you want to use toll roads, you are free to pay at the plazas or bring your own toll tags or purchase a toll tag in the state where you plan to travel, just make sure no invoices or toll by plate, etc. mail comes our way or the \$70 administration fee, plus the bill will be applied. *Note: Most toll agencies are good to work with and will help you out if a mistake is made and you call them right away.*
5. **Campground Reservations:** We are not responsible for campground reservations – including cancelations for COVID. All campground reservations must be made separately from your reservation with us, with the campground's reservation agency. All campground and campsite fees are separate from and in addition to the rental price and fees under this agreement. No refunds will be given for campsite reservation errors.
6. **Mileage:** During your RV rental, there are 100 miles included per night. Each subsequent mile driven over the included number of miles will be charged against your security deposit, at a rate of \$0.55 per mile. Prepaying mileage is a great way to keep your after-trip costs down.
7. **Awnings:** We DO allow the usage of the exterior awning but advise using caution! This is for your own protection, because they are NOT COVERED by insurance, and they are very expensive to repair or replace if damaged. Damage to awnings, including damage while driving, any acts of nature, or negligence are 100% your responsibility and will exceed your security/damage deposit amount. The charge for a broken awning regardless of fault during your rental is \$2,000.
8. **Fuel:** The RV you are renting runs on 87 Octane Unleaded Gas (for TYCHO only it must be without ethanol. Use of an "E-rated" gas damages the vehicle generator. WALLY does not have a generator.) Failure to use the correct fuel will cause significant damage to the RV and you will be charged for all related damages and fees. You are responsible for all fuel charges. You are also responsible for re-fueling and any charges that may arise from running out of fuel. Roadside assistance may be of some help, but there is no guarantee. The RV must be returned with the same level of fuel present as the time of pickup/delivery, or \$10 per gallon will be charged to your security deposit for any necessary refueling.

9. **Tires:** The tires on the RV have been inspected and checked, along with all other parts, prior to your rental period, but if a tire has low pressure, you can refill it with air. Please find an American Tire/Discount Tire location and pull into their Free Air Service. They will also check for nails or obstructions for free. We hold a FLEET Account with them under "The Traveling Curators" if you need to be towed as the result of a flat, it will be replaced there at no

charge. There are no refunds for time lost due to a flat tire. There is a tire pressure gauge available in the passenger side glove box. Tire pressure on the FRONT TIRES SHOULD BE 60LBS AND ON THE BACK TIRES IT SHOULD BE 80LBS. Please be diligent to inform anyone filling the tires with air of these requirements. If you change elevation or temperature changes more than 30 degrees in one driving day, then you may experience low pressure on the tires. Only refill them if you plan to stay at that low elevation or warmer temps.

10. **Rooftop Usage:** We do not allow the use of the RV rooftop. Any evidence of rooftop usage (shoe prints, trash, sagging areas) will result in a complete loss of your entire security deposit. In the event the damage is more than your security deposit, you agree to be fully responsible for the total cost of repair.
11. **Animals:** You **MUST** request & get owner approval *before* allowing an ESA certified only animal in the RV. Owner reserves the right to accept or decline any animal, for any reason. Animals are *not* allowed on any upholstered area due to the soft material and the risk of stains, smells or other damage. Additional cleaning fees will be assessed for animals and there is an additional refundable deposit required for animals, equal to \$250.00, per animal. If any pet damages occur, including evidence of pet urine or feces, you will forfeit your entire security deposit, and you agree to pay any excess damage fees. If any large amounts of pet hair are left upon return, you will be charged a full Deep Cleaning Fee for it to be removed. (See Fees Addendum)
12. **Propane:** Propane must be refilled to the same level present at pickup (indicated below) before you return unless you have chosen to add this service (for the \$50 fee) to your booking. (See Fees Addendum)

13. **Waste Holding Tanks:** Maintain plumbing systems diligently. Absolutely no feminine products of any kind should go into the black tank. Use only the provided toilet paper or RV septic safe toilet paper. Use the provided black tank drop-in packets after every clean out. Only use the black tank for human waste and toilet paper. Absolutely no coffee grounds, food particles, eggshells, or oils down the sink drains. Diligently wipe all plates clean with a paper towel before washing them and be sure to empty sink filters and strainers into the trash. Utilize the soaps and cleaning supplies provided as alternative brands may damage the plumbing or vehicle finishes. There should be nothing, including, but not limited to feminine napkins or tampons, diapers, tissues, napkins, etc. put into the black water waste holding tank as this will cause it to become clogged and require an exceptional amount of cleaning to clear. You will be provided with many rolls of RV safe toilet paper, and we ask that this is the ONLY thing put into the waste holding tank. There is to be nothing other than sink or shower water put into the gray water holding tank. Any type of food particles put into the gray tank may cause a clog that will require extensive cleaning &/or repair to remove. Use the outdoor shower hose for washing off sand or dogs.
  - a. Waste holding tanks (Gray and Black) must be emptied prior to return and valves left CLOSED, and the screw cap left ON. If tank levels do not read EMPTY on the control panel, you will be charged a \$150 dump fee. NO EXCEPTIONS.
14. **Cleaning:** We charge a \$250 cleaning fee for the deep cleaning and COVID protocol disinfecting of the RV after your trip. This fee assumes the RV is returned with a clean interior and empty black and gray tanks. "Clean" means, as you received it or better – as shown in the RV condition acknowledgement. Things like glitter, silly string, hair color, nail polish, etc. can cause a lot of damage and should not be used in the RV.
  - a. A Deep Cleaning Fee of \$150 additional will be assessed if RV is returned unclean AND requires more than a surface cleaning or any reconditioning.
15. **Smoking:** There is NO SMOKING allowed in the RV. If smoke (including cigars, pipes, vapes, drugs, etc.) is detected you will be charged a minimum fee of \$1500. NO EXCEPTIONS.
16. **Seatbelts:** The RV is equipped with two front facing seatbelts. (WALLY is equipped with two passengers rear lap belts that may be used for adult passengers on limited occasions.) No passengers may travel in the RV without wearing a seatbelt. No more than two overnight renters are permitted in the RV overnight.
17. **RV Refrigerator:** The RV refrigerator needs to be level to operate correctly. It is the renter's responsibility to ensure they are level when parked, to minimize risk for damage to the refrigerator. Any damage sustained by the refrigerator due to it being unlevel will be charged to the renter. The refrigerator should be set to 4 while running. If you find yourself low on battery it is safe to turn the fridge off and leave it closed for 24 hours. Frozen food will be at risk, but refrigerator food should remain cool. We are not liable for food loss due to thawing.
18. **LP Detector:** The LP detector is present for your safety. It is hardwired. LP detectors that are hardwired are supplied power through the house batteries. This means if the house battery levels get low, they might not supply adequate power to the LP detector, and it could start beeping. The Renter is responsible for maintaining the house battery level necessary to power the LP detector. In the case of TYCHO please maintain the house battery level at 12 or above on the ZAMP panel. On WALLY, please maintain the SOC (State of Charge) dial next to the door at 30% or above at all times.

19. **Generator:** (TYCHO ONLY) The use of the on-board generator is not included in your RV rental due to the lack of reliability of this make, year, model generator. Due to COVID supply shortages it cannot be replaced until further notice. You will be responsible for replacing the generator if it is stolen or lost or damaged during your rental period. It is the lowest ground clearance item on the rear undercarriage of the vehicle.
20. **NO DRUGS:** Any evidence of the storage, transportation, or use of illegal substances will forfeit your entire security deposit. If the RV is returned with any evidence of drug use or the transportation of drugs, it will result in law enforcement being called for a report and to collect the evidence.
21. **Odors/Cooking:** We discourage cooking anything that can create a strong smell in the RV that is difficult to remove, such as the long-term storage or cooking of fish, bacon, deer, etc. Please consider using a campfire or other outdoor source so these can be prepped/cooked outside the RV. If food/cooking odors are overwhelmingly detected, you will be charged and agree to pay an additional Cleaning Fee of \$250. If these are staples in your diet, please consider bringing an outside kitchen, grill, fire or camp stove for your use, if needed in the preparation and cooking of strong-smelling food items.
22. **Damage/Minor Repairs:** Any damages/issues/problems/repairs need to be reported to us immediately. If a potential repair is minor (i.e., a cabinet knob as fallen off and needs to be screwed back on or a headlight is out and needs to be replaced), you may make the repair after consulting us. Do not repair anything until you've spoken to us about it. Replacement of defective parts and receipt must be brought back for reimbursement. In many cases we may have a fleet account available to make the charges to in the case of a flat tire etc. If you purchase an item necessary due to an equipment failure (sewer or water hose, etc.) the item you purchased and the receipt must be surrendered upon return of the RV, if you want reimbursement. Should you make a repair without consulting us first, or without following written/oral instructions given, you assume liability for the repair and any subsequent repairs needed and relinquish the right to be reimbursed. If you are not in an area with cell service, we expect you to find a working phone or landline to call us before repairs are made.
23. **Renter Damages:** If the RV, inside or out, and/or ANY of its contents that were present at the time of pick up, including, but not limited to couches/chairs, beds/bedding, counters, walls, everything on the inventory list, etc., are damaged or lost during your rental period you are responsible for paying all damages, whether you were at fault or not, or if damage was caused by acts of nature (wind, rain, earthquake, fire, flood, etc.). In case of an accident, theft or vandalism occurs, you are responsible for obtaining a police report, and notifying us immediately. Call the police, then call us in that order and inform the police this is a rental vehicle and provide our names and contact information as the owners. (A documented thorough walk through will be completed, with renter present, at the time renter takes temporary possession) THE RENTAL PLATFORM (Outdoorsy, RV Share, etc) insurance policy does NOT cover interior damage or repairs. Damage to the interior of the RV is charged to the renter, via cash upon return or charged against your security deposit. If the cost of damage is in excess of your security deposit it will be billed to you.
24. **Driving Safety:** Driving an RV is not like driving a standard vehicle and requires your undivided attention. ONLY verified drivers may drive the RV – never allow a valet or camp host or anyone else who is not a verified driver drive or park the RV. Please remember that RVs are much taller than a standard vehicle and are not equipped to withstand an impact with a tree, low bridge/overpass etc. The overhead of clearance of this unit is 10ft. DO NOT ATTEMPT TO GO UNDER ANYTHING WITH A CLEARANCE 10FT. OR LOWER. These types of impacts will result in damages totaling MORE than your security deposit - be aware of low clearance signs at bridges, drive throughs and campsites with trees and foliage. All damages to the RV, including damage while driving (tree, low overpass, drive-throughs, etc.), are 100% your responsibility and will exceed your security/damage deposit amount. The dimensions of the RV are listed on the rental listing and in the rental binder. Never attempt going through a drive-through in the RV. For the most efficient gas mileage we recommend driving between 55-70mph where it is permitted to do so. Do not speed or break the law. The GPS and Dashcam monitor your speeds and should not be disabled or tampered with at any time. If you see the dashcam is not operating, ensure it remains plugged into the USB and call us to troubleshoot and restore full functionality. The Dashcam is your protection in case of an accident or fender bender that is not your fault. The use of the "Tow/Haul" button is encouraged while traveling uphill on steep passes. If you get a 'brake check sensor alarm' on a long downhill stretch of drive, please consider turning the tow/haul button on to prevent damage to the braking system.
25. **Towing:** Towing is not allowed. No exceptions.
26. **Appliances:** The air conditioning, microwave, and all 110v outlets run off of 20-30 amp shore power. The television, USB plugs, LP gas stove, lights, water pump, and Truma heat pilot light all work off of 12v solar powered batteries. (In WALLY the inverter must be turned on to use 110v power or you must be plugged into shore power. In TYCHO there is no inverter or generator and shore power is required.) These are convenience items. Please use them according to the instructions provided in the manufacturer's manual. Any use outside of the normal use is a liability for you, the renter. The air conditioner should be able to cool the coach to 75 degrees on any day in which the temperature outside is under 90 degrees. Shore power is required to accomplish this. The convection oven/microwave is unique and you should only use it according to the labels and instructions on the microwave. If any malfunctions should occur with any of these items please notify us immediately to resolve the matter. In case of any malfunction please contact us immediately for assistance and we will do our best to troubleshoot or attempt to have someone come to you for repairs. Compensation will not be made for the normal wear and tear malfunction of these parts. Things break, it is our job to provide you excellent service and get them fixed as soon as possible. Guaranteed, no compensation will be made to you if we are not notified of a malfunction immediately.

27. **Camper Abandonment/Owner Retrieval:** If for any reason you abandon the RV, you will be charged a \$3,000 fee for Abandonment and Retrieval - plus any applicable fees for ANY lost/missing keys or items/parts from the trailer. Abandonment means leaving the trailer with no intention of returning to it or delivering it back to owner/drop-off location, before the end date/time of your rental period. In the event you abandon the trailer without signing return documents, you agree to waive your right to dispute any claims due to damages, overages, or vandalism.
28. **Lockout/Lost Keys:** In the event a lockout occurs you agree to pay .75 cents per mile, round trip, for owner to drive and unlock RV and a fee of \$375 PER missing key. If owner is enroute and key is found and RV is unlocked, you will only need to pay for mileage up to that point round trip. If no lockout occurs but a key is missing upon return of RV, you will be charged a \$375 fee PER key. If RV OWNER determines a locksmith is required for lockout/lost key service, the full locksmith cost is to be paid by the RENTER, at the time of service – locksmiths must be scheduled and approved by owner before work is done.
29. **First Aid Kit:** There is a first aid kit provided in the vehicle. Please do not hesitate to use what you need, should it become necessary – once it is opened, you own it. You will not be charged for utilizing it because it is more important to us that you are safe, happy, and healthy in the RV. In the event you use anything in it, take the kit with you – as this is a personal and bodily fluid/pathogen related item, its not possible for us to pass it from renter to renter. SEPARATELY, there is a box of generic basic Band-Aids in the bathroom vanity cabinet – use these if necessary and save us purchasing a new first aid kit for every renter.
30. **Add-Ons:** You may elect to add certain "extras" or "add-ons" to your booking if you like. If you did not elect add-ons at the time of booking, such as the concierge services for propane fill, gas fill, dump clean out fee, etc., you can elect to pay them at the time of pickup or have them deducted from your deposit. These elections should be noted on this form at the end.
31. **GPS Tracking:** The RV has been equipped with a GPS tracking device for safety and must not be removed/unplugged for any reason. Failure to accurately report your destination or giving an arbitrary destination in order to attend a prohibited event will result in complete loss of your security deposit and you will be requested to return the RV to owner immediately, and NO refund will be granted for unused rental dates.
32. **Personal Property:** Your personal property brought with you is your responsibility, and by signing this agreement, you release RV owner(s) and manager(s) from all claims for loss of, or damage to, your personal property, or that of any other person left/carried in or on the RV during your rental period and day of return. Please check with your homeowners or personal auto insurance policy of you experience theft of your personal property while out on a rental.
33. **Personal Injury:** You release the RV owner(s) from all claims for injury, including, but without limitation to, personal, bodily, or mental injury, as well as economic loss or damage to you, children, guests, or relatives during your rental period including return period. This covers all equipment and gear you might choose to add-on to your rental. You agree to having or obtaining the full understanding and skill to use all equipment or you commit to receiving professional lessons prior to their use.
34. **Severability:** If any provision within this Supplemental Rules and Rental Agreement is determined to be invalid, void, or unenforceable judicially, the remaining provisions shall remain in full effect and force.
35. **Modifications/Waivers:** No provision within this Supplemental Rules and Rental Agreement can be waived or modified for any reason except in a written document which the owner(s) signed.
36. **Damages Above Security Deposit/Insurance Claims:** In the event there is any damage above the amount of your security deposit, you agree to pay the RV owner(s)/manager(s) any monies due and allow the rental platform company to charge your credit card on file for said charges, plus processing fees.
37. **RV Return:** When RV is returned, you agree that it will be free from damages, cleaned, and tanks emptied. (This is for insurance purposes) A preliminary walk through will be completed. Photos will also be taken by owner for reporting to rental platform &/or insurance. Once a thorough inspection has been completed by the RV owner, any fees for damages, cleaning, dumping, or any other charges will be deducted from your security deposit if applicable.
38. **Credits:** There will be no refund/credit for any lost rental time for any issue(s) that arise beyond the owner's control. This includes, but is not limited to, flat tire(s), weather, all systems within the RV that were working at pickup (refrigerator, heater, LED lights, sound system, etc.), damages to any part(s) of RV whether the renter was at fault or not, or due to renter's or any guests' negligence.
39. **Rental Period Extension:** If, for any reason, your rental period is extended beyond the original rental period dates, you agree that this document will also extend, be valid and enforceable for the entirety of your extended rental period.
40. **Security Deposit:** Your security deposit will be refunded (by the rental platform) after the RV has been thoroughly inspected and no issues or damages have been found. Said inspection may take anywhere up to 72 hours post rental period.
41. **Boondocking/Dry Camping:** Camping without hookups for more than two days/three nights (water, sewer, power) restricts the capabilities of the RV. You are limited to freshwater tank capacity, black & gray tank capacities, battery capacity and propane capacity. These things need to be recharged, refilled, dumped, etc. These things are the responsibility of the renter. We, as owners, take NO responsibility for limited capabilities and capacities due to dry camping/boondocking. Should you choose to dry camp/boondock, you take full responsibility and liability for the limited capabilities and capacities, and any unmet expectations due to use without hookups. You also take full responsibility for boondocking in public parking lots or spaces where overnight camping may not be legal. If you are arrested as a result of these or any other activities, then the vehicle will be considered abandoned and the stipulations in item #28 will apply.

42. **Value Agreement (circle one):** The renter agrees the replacement value of the WALLY the Wanderer RV is \$130,900.00.
43. **Hold Harmless:** Renter agrees to hold harmless the owner of the rented RV, always, for all situations. Renter assumes all risk when renting RV, and owner cannot be held responsible for any accident, injury, loss of income, loss of life or loss of or damage to personal property. Owner assumes no liability for how the RV is used during the rental period. Furthermore, the renter agrees not to disparage the Owner of the RV in any manner at any time.
44. **Fees:** The Renter agrees to not attempt to discharge any unpaid fees for damage, claims or other fees, assessed according to this agreement.

This agreement serves as a supplement to the rental agreement, regardless of the rental platform (Outdoorsy, RV Share, etc) and supersedes all contradictory terms of the platform rental agreement, if any. This agreement also supersedes any contradictory terms and conditions listed on the rental platform.

## SELECTION OF EXTRA FEES

Initial all items you would like to add to your reservation upon the vehicle's return.

- \_\_\_ Cleaning fee: I do not want to clean the RV before return - \$250  
\*\*\*Please note article #14 & #15 above\*\*\*
- \_\_\_ Propane Concierge Service: I do not want to refill the propane tanks - \$50

- h. **DEEP CLEANING:** \$150 additional charge will be assessed if RV is returned unclean or in a condition less than received AND requires extensive amounts of effort to clean or recondition.
- i. **LOCKOUT:** \$25 charge will be assessed per key if lockout occurs in addition to .75 cents per mile for owner to come and unlock RV.
- j. **MISSING KEY(S):** \$375 charge will be assessed per each missing key(s).
- k. **ABANDONMENT/RETRIEVAL:** \$3,000 charge will be assessed if renter abandons RV at any location at any time during rental period which leads the RV owner to recover the RV, or if owner must retrieve the RV for any reason other than what has been discussed at time of booking.

## Waste Tanks Addendum

Most renters are not familiar with properly operating an RV's black and gray waste holding tanks and; and therefore, have many questions and concerns regarding this. This addendum is meant to act as a clear outline for your responsibility as a renter for properly using and dumping the waste tanks, and the fees if not done successfully. We will go into considerable detail during your pickup orientation and training regarding the proper dumping of these tanks to accommodate the walk though that is done at pickup.

There are also step by step instructions in the welcome handbook inside the RV as well as in the manufacturer provided manual and we will also go over these instructions during orientation. By signing this waste tank addendum, you are agreeing that you have been taught how to dump the tanks and that you understand how to do it.

*It is always ok to call or text us with questions for waste tank dumping or other issue during your RV rental no matter the hour!*

- DO NOT EVER LEAVE THE BLACK OR GRAY TANK VALVES OPEN DURING USAGE!
- RV safe toilet paper will be provided, and we ask that this is the ONLY thing put into the black tank. No other items, including feminine napkins or tampons, diapers, tissues, paper towels, etc., should be put into the black tank or a clog may result.

- There is to be NO food, or any other item, other than sink and shower water, placed into the gray tank through the sink drains. Any amounts of food particles may result in a clog that will require extensive cleaning to clear.
- Waste holding tanks (Gray and Black) must be emptied prior to return and valves left CLOSED, and the screw cap left ON. You do not need to add tank treatment to the black tank after your final flush.
- When you return the RV, the tank levels will be checked during our inspection and if the tank levels on the control panel do not read EMPTY, you will be charged a \$150 dump fee, NO EXCEPTIONS.
- Please ensure tanks have been emptied and flushed, if necessary, and tank levels on the control panel read EMPTY prior to returning. Once the RV has been parked at the return location you will not be permitted to leave again with the RV.

IT IS IMPERATIVE WE TAKE PHOTOS—AT THE TIME OF THE WALK THROUGH—PER THE **RV DEPARTURE FORM** Requirements.

By signing this acknowledgement, the renter agrees the RV is in acceptable condition, appears clean and without defect. Any observed “damage” will be noted on the SRA vehicle condition statement, by the renter, during the 1–2-hour orientation and walk through. Pictures of the RV’s current condition are noted on this acknowledgement as well as on the departure form, and by signing this document the renter agrees the photos are an accurate representation of the RV at the time they pick up for rental period.

I have read and agreed to the Supplemental Rental & Rules Agreement, Selection of Extra Fees, Fees Addendum Acknowledgement, Waste Tanks Addendum and the separate Outdoorsy RV Departure Form.
