

# LET'S GO CAMPING!

| SUMMER 2022 |

## OUR CAMPER

First off we'd like to say thanks for booking with us and I hope you love the camper as much as we do! We've tried to make sure everything is clean and spotless to help ensure everyone enjoys themselves.

With all the info and excitement I just wanted to leave you with a few reminders. If at anytime you have questions on the camper or how anything works feel free to reach out. There is also a bundle of

user manuals inside the closet in the master bedroom. If you are looking for items throughout the camper there are labels on some of the tubs and inside the cabinets. As a favor to us please refrain from eating and drinking in the beds, this seems to get very messy.

Again we hope you have fun and enjoy the camper as we do. Please treat as you would your own.

## REMINDERS

All electrical cords, water hoses and waste hose connections are in the front storage. The waste hose itself is stored in the bumper.

## TANKS

Check tank levels often if you don't have full hookup. Additional fees will apply for tanks not being emptied before returning.

## CLEANUP

Attached you will find a checklist for cleaning the camper at the end of your trip. To avoid cleaning fees please return it as clean as we send it out. Cleaning fees will range from \$50 to \$175.
