Supplemental Rental and Rules Agreement

This supplemental rental and rules agreement will outline in considerable detail what is expected during your rental period. It may seem like a lot but we prefer to be up front and clear so there is no confusion or unrealistic expectations that may cause misunderstandings later.

1. Training: A pre-rental orientation of the RV could take about 1-2 hours, depending on any prior experience you have with a travel trailer. It takes time to do a thorough and complete walkthrough, so please plan accordingly. At times, we may not be able to meet you at delivery. However, if needed we will arrive later that day or the next morning at an agreed upon time to complete the walkthrough.
 - 1a. **Deliveries:** Deliveries will have varying arrival times depending on campground rules and the amount of rentals being sent out on the same day Renter will receive instructions about a week before the rental starts with delivery time. IF renter prefers a certain time BEFORE 3:00 pm an Early Check-In fee will need to be paid at time of booking or shortly after. Rental needs to be FULLY vacated on day of departure at 11:00 AM. This is **STRICTLY** enforced. If renter prefers a certain time AFTER 11:00 AM a Late Check-Out fee needs to be paid at the time of booking or shortly after. Kim's Cozy Campers will assess fees appropriate in section #3 for the length of time the rental is unable to be moved. Furthermore, if Kim's Cozy Campers is charged any additional fees for the rental unable to be removed in a timely manner, fees from a same day delivery arriving late or any other fees due to renter tardiness those fees will be assessed from renter's security deposit. Once the Rental has been delivered, it is **PROHIBITED** from being removed.
 - 1b. **Pick Ups:** Pick ups will have varying arrival times depending on deliveries planned for the day. IF renter prefers a certain time BEFORE 3:00 pm an Early Check-In fee will need to be paid at time of booking or shortly after. Rental needs to be returned on the last of the rental by 11:00 AM. This is **STRICTLY** enforced. If renter prefers a certain time AFTER 11:00 AM a Late Check-Out fee needs to be paid at the time of booking or shortly after. Kim's Cozy Campers will assess fees appropriate in section #3 for the length of time the rental has not been returned.
 - RENTER IS REQUIRED TO FOLLOW [SETUP AND TEAR DOWN CHECK LIST](#).
This will eliminate the possibility of damage to the rental unit.
 - **A SPOTTER IS REQUIRED WHEN BACKING UP AT ALL TIMES!**
2. No Refunds for Early Returns: If you return the travel trailer early we do not refund the days you will not use. This includes if you have been in a motor vehicle accident with the trailer; however, if the MVA is not your fault you may be able to recover your rental costs from the at-fault driver's liability insurance.
3. Fee for Late Arrivals and Returns: A fee of \$100 per hour will be charged if the RV is returned later than the agreed upon time. If the renter is more than 90 minutes late for their arrival, Kim's Cozy Campers has the right to cancel the reservation or reschedule the arrival time at their discretion. If the RV is returned after dark or while Kim's Cozy Campers is not home/unavailable, it will be checked in the next day, during daylight hours, and any applicable damages will be applied to your security deposit. Renter forfeits their right to complete a return walkthrough with Kim's Cozy Campers, if the unit is returned at a time different than indicated in writing prior to start of reservation. All campground reservations must be made separately with the campground's reservation agency. All campground and campsite fees are separate from and in addition to the rental price and fees under this agreement. No refunds will be given for campsite reservation errors.
8. Overhead Obstructions: Please familiarize yourself with the RV's height clearance. Be aware that the RV has additional equipment on the top of the roof, which may not be clearly visible from the ground, such as the air conditioning unit and antennas. So, please ensure you have retracted any roof fence, as driving with these open may cause damage.
9. Awnings: We **DO** allow the usage of the exterior awning, but advise using caution! This is for your own protection as well because they are **NOT COVERED** by insurance, and they are very expensive to repair or replace if damaged. Damage to awnings, including damage while driving, any acts of nature, or negligence are 100% your responsibility and will exceed your security/damage deposit amount.
10. Generators:
- 10a. If you choose to use **your own** generator, the following rules will apply. Do not use generator inside the trailer - it **MUST** be kept outside. 11. Tires: RV tires are partly filled with nitrogen as it does not cause pressure fluctuations. The tires on the RV have been inspected and checked, along with all other parts, prior to your rental period but if a tire seems low you can refill it with air. There is also a spare tire included on the front, in the rare event a flat tire/blowout occurs.
12. Ladder/Rooftop Usage: We **DO NOT** allow the use of the travel trailer's ladders or rooftop. 15. Waste Holding Tanks: There should be nothing, including, but not limited to feminine napkins or tampons, diapers, tissues, napkins, paper towels, 2-ply toilet paper, etc. put into the black water waste holding tank as this will cause it to become clogged and require an exceptional amount of cleaning to clear. You will be provided with many rolls of RV safe toilet paper and we ask that this is the **ONLY** thing put into the waste holding tank. There is to be nothing other than sink or shower water put into the gray water holding tank. Any type of food particles put into the gray tank may cause a clog that will require extensive cleaning &/or repair to remove.
 - 15a. Waste holding tanks (Gray and Black) must be emptied prior to return (unless Dump Fee is paid in advance) and valves left **Closed**, and the screw cap left ON. If tank levels do not read **EMPTY** on the control panel, you will be charged a \$150 dump fee. **NO EXCEPTIONS**.
 - 15b. When the Black Tank gauge reads "F" (Full), the toilet can no longer be used until the tank is dumped. Continued use on a full tank could cause damage to the plumbing to the toilet. Renter is 100% responsible for any Clog, or damage done from this negligent behavior.
 - 15c. If tanks overflow from inside the rental at any point during the reservation (including while in tow), renter will be 100% responsible for all plumbing, cleaning, and sanitizing fees plus loss of rental income during the fixing, cleaning, and sanitizing process.

Renter understands that the RV/travel trailer may be winterized when they take possession, as a result will not be able to use the water and bathroom facilities until they reach a warm location.

AWNING:

I understand that the campers are designed to properly operate by being plugged into 30 amp or 50 amp service or ran by the onboard generator if a drivable RV. I understand and will investigate on my end to make sure I have a campsite or generator that can properly handle powering the camper. I agree not to use a 120 volt adapter when trying to run AC. I also understand the onboard 12 volt battery in the travel trailer is meant to power the CO2 detector and will not be a sufficient power source for use while camping.

CHECK IN/CHECK OUT :

I understand If earlier start times and later end times are available, we will make sure you get to take advantage of this extra time. The final details will be worked out a couple days prior to your reservation start date. STATE PARK DELIVERY AND PICKUP TIMES MAY VARY AS WELL. MANY DO NOT ALLOW US TO DELIVER UNTIL 3PM. THE TYPICAL DELIVERY TIME WILL BE BETWEEN 3-7PM. OUR TYPICAL PICK UP TIME IS 11:00AM.

TIRE DAMAGE:

I understand that if towing a camper or driving an RV that any tire damage during a rental is my responsibility. I understand tire must be repaired by a certified tire shop with the same tire brand. (still initial if having camper delivered)

FESTIVAL & COMPARABLE CAMPER CLAUSES:

I understand the comparable camper and festival/gatherings outlined in the rental terms and conditions.

DEPARTURE/ARRIVAL FORM:

I understand that I need to complete the Departure/Arrival forms. I understand that if I do not complete the forms I could be held liable for damage/issues not caused by me since I didn't log them.

COLD WEATHER USAGE:

I understand during season when temperatures reach freezing renter will use a certified RV tech to de-winterize and winterize the RV as needed while in their possession during a rental. I understand that the RV/travel trailer may be winterized when I take possession and as a result, I will not be able to use the water until I reach a warm location.

ALTITUDE OVER 2,000 FEET:

I understand that the efficiency of propane fueled appliances MAY decrease in altitudes above 2,000 feet. In most RVs this includes the hot water heater, furnace, and fridge.

THINGS HAPPEN:

I understand the "Things happen and we try to help" clause terms outlined in the rental terms and conditions.
Only Applies If Renting Drivable RV – Does not apply to travel trailers:
 I have read and understand heavy use fee, and that mileage fees can be taken from my deposit or charged separately as well as the COLD weather use clause.

RETURNING YOUR RENTAL:

I understand that the rental must return in the condition it was picked up or additional cleaning fees may apply. The initial prep fee includes a 30 minute disinfectant cleaning of the interior. If extra cleaning is needed a \$99 charge +\$50 per hour fee will apply.

I agree to the [terms and conditions](#) and [cancellation policy](#).

Waste Tanks Addendum

Most renters are not familiar with properly operating an RV's black and gray waste holding tanks and; therefore, have many questions and concerns regarding this. This addendum is meant to act as a clear outline for your responsibility as a renter for properly using and dumping the waste tanks, and the fees if not done successfully. We will go into considerable detail during your pickup/delivery orientation and training regarding the proper dumping of these tanks to accommodate the walkthrough that is done at pick up/delivery. There are also either step by step instructions in our renters handbook inside the trailer and/or videos and written instruction on our digital guidebook that you were given access to when your reservation was created. By signing this waste tank addendum, you are agreeing that you have been taught how to dump the tanks and that you understand how to do it. (It is always ok to call, text or email us with questions for waste tank dumping or other issue while you are renting the travel trailer.)

DO NOT EVER LEAVE THE BLACK OR GRAY TANK VALVES OPEN DURING USAGE!

RV safe toilet paper will be provided, and we ask that this is the **ONLY** thing put into the black tank. No other items, including feminine napkins or tampons, diapers, tissues, paper towels, etc., should be put into the black tank or a clog may result.

There is to be **NO** food, or any other item, other than sink and shower water, placed into the gray tank. Any amounts of food particles may result in a clog that will require extensive cleaning to clear.

Waste holding tanks (Gray and Black) must be emptied prior to return and valves left **CLOSED**, and the screw cap left **ON**.

When you return the RV, the tank levels will be checked during our inspection and if the tank levels on the control panel do not read **EMPTY**, you will be charged a \$150 dump fee, **NO EXCEPTIONS**.

Please ensure tanks have been emptied and flushed, if necessary, and tank levels on the control panel read **EMPTY** prior to returning. Once the RV has been unhitched you will not be permitted to leave again with the RV.

DRIVABLE UNIT CARE ADDENDUM

It is important that you check the engine fluids every time you stop to refuel. If the vehicle needs any fluids, please add the proper amount. Driving with low fluid levels can cause engine damage for which you are totally responsible. It is important that you watch all gauges, driving the vehicle while it is overheated will cause engine damage. It is also vital that you check the generator oil level every 6-8 hours of operation. If the generator or the engine needs oil, you may use 30 wt or 10W30 oil, available at any service station.

I understand and agree to abide by the Maintenance Schedule inside the RV. Kim's Cozy Campers will have the RV fully maintained prior to your arrival and will service the RV as soon as you return. If you have a long term rental period, you may be required to schedule a service (oil change, tune up, etc.) during your rental period.

I understand that Kim's Cozy Campers will reimburse me for any oil used or service performed when I present receipts upon return.

I understand and agree that the credit card on file will be charged for any additional miles or generator hours not pre-paid for at the time of departure.
