

# Roaming Sloans RV Rental Agreement

We would love to share our RV and our beautiful state with you. Please read this agreement before finalizing the reservation process.

We are a smoke, substance and vape free RV.

Responsible alcohol use is allowed.

We are a pet free RV.

Please treat our RV with respect.

No gutting or cooking fish inside the RV. Feel free to cook fish on the Blackstone grill, it's available for \$25 per trip. The grill, a small table and grilling accessories are provided with the add-on of the grill.

Please return the RV with a full gas tank, a full propane tank, and empty grey and black water tanks.

We provide a short list of places in Anchorage to dump the waste water tanks.

Please do your best to remove most trash before returning. Gas stations or grocery stores usually have trash cans available.

Let us know if you have kids coming on your adventure and we will be sure to fill the Road Trip Activity Box with fun things for them.

Added fines will be incurred and billed thru RVShare if the RV smells like fish, smoke, or pets upon return or if it's unnecessarily messy. Remember this is our personal RV.

Thank you so much and we hope you enjoy your trip!

Dan and Lena Sloan
