I understand that if I choose to use the motorized awning and it is damaged during my rental period, I assume the cost of any damages not covered by insurance. I understand that to avoid damage it has been explained to me to never leaving the awning extended out during rain, wind, when left unattended or overnight. I understand that these factors alone do not guarantee freedom from damage but will help to prevent it. I also understand that for my own safety I agree to these terms because in a windy situation the awning could act as a sail and tip the entire RV over and put myself and my friends/family at risk. You as the Renter understand use of awning is at my own risk and any damages for whatever reason are going to be deducted from my damage/security deposit *We strongly recommend you DO NOT use the awning at all but if you do remember any damage is 100% paid for out of your damage deposit.
