

Furey Rentals - Comprehensive Responsibility and Liability Waiver Addendum

I, _____, hereby acknowledge and agree to the following terms and conditions for the rental of the _____ RV from Furey Rentals:

Awning Statement of Responsibility and Liability Waiver

I understand that the rented RV is equipped with an awning for my convenience.

I agree to the following terms and conditions regarding the use of the awning:

1. **Assumption of Risks:** I acknowledge that the use of the awning involves inherent risks, including but not limited to damage to the awning itself, adjacent property, or any persons in the vicinity. I understand that these risks may arise from factors such as wind, weather conditions, improper setup, or misuse of the awning.
2. **Responsibility for Damage:** I agree to assume all risks associated with the use of the awning and accept full responsibility for any damages that may occur to the awning or other property as a result of my use. I understand that Furey Rentals is not liable for any such damages and that I may be held financially responsible for repair or replacement costs.
3. **Proper Use:** I agree to use the awning in a safe and responsible manner, following all instructions provided by Furey Rentals for set-up, operation, and maintenance. I understand that failure to do so may increase the risk of damage and may result in termination of the rental agreement.
4. **Inspection and Reporting:** I agree to inspect the awning for any existing damage or defects prior to use and to promptly report any issues to Furey Rentals. I understand that failure to report pre-existing damage may result in liability for damages attributed to me.
5. **Liability:** I agree to indemnify and hold harmless Furey Rentals from any and all claims, damages, liabilities, costs, and expenses (including legal fees) arising out of or related to the use of the awning during the rental period, including but not limited to damages to the awning, adjacent property, or any third-party persons.
6. **Compliance with Laws:** I agree to comply with all federal, state, and local laws and regulations regarding the use of awnings, including but not limited to safety standards and guidelines for recreational vehicles.

Generator Statement of Responsibility and Liability Waiver

I acknowledge the additional considerations involved in using a generator in an RV rental. I understand that it is my sole responsibility to ensure that these considerations are understood and addressed.

I absolve Furey Rentals, including any contracted personnel, volunteers, or their families, from any liability for issues arising from the use of the generator, including property damage, bodily injury, or loss of life. In the event of any loss, I waive all liability claims against Furey Rentals.

I understand that my Security Deposit may be utilized for any necessary generator repairs. If the repair costs exceed the available balance in the Security Deposit, I agree to pay the excess amount.

Furey Rentals - Comprehensive Responsibility and Liability Waiver Addendum

To ensure safe and proper operation of the generator, I agree to adhere to the following guidelines:

1. The RV fuel tank, propane tank, or standalone generator fuel tank must be at least one-quarter full or more to operate the generator.
2. The batteries must be sufficiently charged to start the generator. If using a hand-pull standalone generator, ensure it can be started manually.
3. Adjust the altitude dial on the generator engine, if present, for reliable operation at higher altitudes.
4. Check the generator oil level EVERY WEEK during use. Oil has been provided with the RV. If the oil level is low, fill it until it registers as full on the dipstick. Failure to do so may result in low oil levels, potentially causing the generator engine to seize and stop, which could lead to significant damage and possible replacement costs.

Dry Camping Statement of Responsibility and Liability Waiver

I acknowledge the unique considerations and responsibilities associated with dry camping or boondocking in an RV, particularly in managing power and freshwater and wastewater usage. It is solely my responsibility as the renter to ensure that these considerations are comprehended and addressed.

I absolve Furey Rentals, including any contracted personnel, volunteers, or their families, from any liability for issues arising during dry camping, including but not limited to loss of battery charge or power from generators or solar panels, depletion of freshwater supply, and filling of gray and/or black water tanks before the completion of the rental period. Additionally, I acknowledge that any loss of cooling in a residential fridge during dry camping is my responsibility.

I understand that there may be charges incurred under certain circumstances, such as returning the RV with dead house batteries, requesting freshwater delivery, or requesting black and/or gray water tank dumping services.

To mitigate the challenges of dry camping, I will adhere to the following considerations:

- **Fresh Water Management:** Monitor and manage the freshwater tank capacity and usage. Use provided portable water containers to replenish the freshwater tank if necessary.
- **Gray and Black Water Management:** Monitor tank capacities and ensure proper disposal at designated dump stations. Use provided portable wastewater containers for transport if needed.
- **Power Management:** Familiarize myself with available power sources, conserve power, and use appropriate devices to manage energy consumption.

Pet Waiver Agreement

I understand that I may have chosen to bring pet(s) along during my rental period. I agree to the following terms and conditions regarding pets:

4. **Pet Restrictions:** I will abide by any restrictions set forth by Furey Rentals regarding pet breeds or types.

1. **Towing Capacity:** The trailer must not exceed 80% of the RV's towing capacity as specified by the manufacturer.
2. **Responsibility for Tow Vehicle:** I am responsible for ensuring the tow vehicle meets safety requirements and has appropriate towing capacity. Damages caused to the tow vehicle or trailer are my responsibility.

4. **Compliance with Laws:** I will comply with all applicable laws and regulations regarding towing.

Engine Tracking System Penalty

The Renter acknowledges and agrees that the RV is equipped with an engine tracking system for safety, security, and maintenance purposes. Any tampering with, disabling, or disconnecting of the engine tracking system by the Renter or any other party during the rental period is strictly prohibited. In the event that the engine tracking system is found to be tampered with, disabled, or disconnected, the Renter shall be subject to a penalty fee of \$500.
