

2013 Coachmen 28QB Rentals

Rules & Rental Agreement

This “rules” list may seem like a lot, but I want to make sure you are fully informed and have no unrealistic expectations concerning your RV rental. Most rental agencies have the same rules, I just want to be completely up front and prevent any misunderstandings later. Please make sure you understand the rules and ask if you have any questions about any particular rule or expectation. Unfortunately, some customers will break rules or take things from the RV if there are not fees upon return for doing so. Please Initial Each item showing you have read and understand the section.

No Refunds for Early Returns: If you return early we do not refund the days you will not use. This includes if you have an accident or crash in the unit; however, if the crash is not your fault you may be able to recover your rental costs from the at-fault driver’s liability insurance. Insurance MUST be carried and current for the duration of the rental, failure to adhere to this rule will result in termination of the contract and you will be subject to recovery and legal fees that may be incurred.

_____ Initials

Fee for Late Returns: If you are late returning the unit there is a \$40 per hour late fee. You will also be responsible for the cost of any canceled rentals due to your late return. All drivers must be at least 25 years old and must be listed on the contract when you pick up the unit. NO EXCEPTIONS.

_____ Initials

Campground Reservations. We are not responsible for campground reservations. All campground reservations must be made separately with the campground’s reservation agency. All campground and campsite fees are separate from and in addition to the rental price and fees under this Agreement. No refunds will be given for campsite reservation errors.

_____ Initials

NO SMOKING: Smoking (including cigars, pipes, drugs, etc) in the unit forfeits your entire security deposit.

GPS: This rental vehicle is equipped with GPS tracking which is used to accurately track mileage. **DO NOT TAMPER WITH IT**, to do so could result in forfeiture of security deposit. This vehicles max speed limited to 70 MPH, do not try to exceed this speed. Violations will result in additional charges to your security deposit.

_____ Initials

Toll Roads, Red Light Cameras, parking tickets, etc: Parking Tickets, Mailed Violations, and Toll invoices are a major burden and we charge a \$75 fee for each invoice we get. Responsibility for traffic or parking violations will be transferred to you and you will be charged a \$75 administration fee. If you want to use Toll Roads, you are free to pay at the plazas or bring your own toll tags, just make sure no invoices or toll by plate, etc mail comes our way or the \$75 administration fee will apply! Note: Most toll agencies are good to work with and will help you out if a mistake has been made and you contact them right away.

_____ Initials

Awnings: We allow the usage of the exterior awning. It must be retracted when winds exceed 10 mph, at night, or any time the RV will be left unattended **or in motion**. This is for your protection because they are at a minimum of \$3,000 to replace. They can be damaged very easily due to weather or accidental misuse. Awnings ARE NOT COVERED by insurance. Damage to awnings, including damage while driving (tree, toll road, etc) are 100% your responsibility and will exceed your security/damage deposit amount.

_____ Initials

Generator: If you chose to use the built in generator this rule applies. Generators

are for running the electrical elements of the RV. They are **not** “constant run” generators and are not designed or allowed to be used as primary power while you are camping by running them constantly for extended periods of time. If you desire air conditioning you need to use a campsite with RV electrical available to plug into. Be aware that the generator draws fuel from the main gasoline tank and has a shut off for low oil or when RV fuel tank is at or below ¼ tank. Customers are forbidden from running the generator overnight while sleeping in the unit due to the possibility of carbon monoxide getting into the unit while you are asleep – a deadly hazard.
